

## DISTRICT ATTORNEY ON BROWN CASE

Acknowledges Receipt of Mayor O'Donnell's Charges Against Commissioner

District Attorney John J. Higgins has replied to Mayor O'Donnell's letter alleging violation of the city charter on the part of Commissioner George H. Brown, and the district attorney asks some indulgence before making a specific reply, in order that he may familiarize himself with the charter. He also asks for evidence bearing upon the specific charges made by the mayor. His letter:

The Commonwealth of Massachusetts, District Attorney for Northern District, Cambridge, April 9, 1913.

Hon. James E. O'Donnell, Mayor of Lowell.

Dear Sir—Your communication dated April 5, 1913, inviting my attention to what you believe to be a direct and knowing violation of section 32 of chapter 645 of the Acts of 1911, received in due course and contents carefully noted.

Inasmuch as I am not familiar with the new charter of your city, I must ask some indulgence before I make a specific reply to your letter.

In the meantime, will you kindly send me a report of the evidence bearing upon specific charges which you make against the commissioner?

Yours very truly,  
John J. Higgins.

**MAN HURT IN COLLISION**

Thomas Griffin Was Seriously Injured

Mr. Thomas Griffin of Harvard road, Ayer, had a narrow escape from instant death last Wednesday morning. While delivering milk to his customers in Ayer his wagon was struck by an electric car and turned over, burying him beneath the wagon and its contents. When Mr. Griffin was taken out of the wreck he was unconscious and was removed to the Globe house, near where the accident occurred, and a physician summoned, who did all possible to relieve the unfortunate man. After a thorough examination as could be made, it was found that he had three ribs broken, a severe scalp wound and a bad contusion of the jaw and right side of the face. The physician did not think there were any further internal injuries beyond the fracture of the ribs. Mr. Griffin is well known in Lowell.

# AUTO CRASHED FUNERAL LINE

## Cortege of Rev. Fr. Saunders' Funeral Broken by Dr. Martin's Chauffeur—Procession Held Up

An accident which caused considerable excitement for the fact that it delayed a large funeral procession, and in which there were narrow escapes, occurred this morning. In Central street, when an automobile crashed into a hack owned and driven by Michael T. Rafferty of 15 Auburn street. Dr. Martin was not in his machine at the time of the accident, and the auto was in charge of his chauffeur. It is said, witnesses of the accident say that the automobile was coming from Middle street, and that the chauffeur attempted to cut through the funeral line. The result was that the automobile crashed into the hack, snapping the pole strap.

The hack driver brought his horses to a full stop before any more damage was done, and another carriage was pressed into service for the use of Mr. and Mrs. John Flynn who were riding in the hack at the time of the accident. The funeral was delayed while the change was made and then it resumed its course. Those who witnessed the interruption of the funeral were quite indignant at the chauffeur who caused the delay. The chauffeur probably was not aware of the fact that he was liable to arrest for cutting through or attempting to cut through a funeral line.

It is stated that Dr. Martin's chauffeur bumped into a Highland car recently and damaged the car so badly that it had to be sent to the repair shop.

## ARE THE LOWELL DEALERS DISHONEST?

Is Sealer of Weights and Measures on the Level?—Letter Suggests Questions

The state commissioner of weights and measures, Daniel C. Palmer, says that Lowell people are being gulled by short weight artists, and he has addressed a letter to Mayor O'Donnell, in which he states that Lowell's sealer of weights and measures is not inclined to protect the people against short weight. The letter:

Boston, April 16.

Hon. James E. O'Donnell, Mayor, Lowell, Mass.

Dear Sir—In accordance with the provisions of chapter 42 of the revised laws, I would respectfully inform you that the officers of this department on April 1 to 4 made an inspection of the weights and measures in use by merchants in your city and I quote from the inspectors' reports of conditions as follows:

In this city (Lowell) 22 per cent of the scales were found to be unsealed and it is understood that new scales and measures had been secured. Little, if any effort was made by the local officer to see if they were properly used, with the result that in many instances no evidence of tampering was being given. When scales and measures were condemned, they were left in the stores and some of the dealers have been using them continually, contrary to law, for several months.

"After being condemned, if no other scale was present or being used within a reasonable time, the sealer should know that further investigation should be made."

"If a dealer has been using a scale which has been condemned by the department, as in other cities, thereby allowing them to perform a greater amount of work in a more systematic manner. This would allow time for re-inspection work, which the sealer claims is impossible under present conditions."

"From conditions found, we are strongly of the opinion that greater efficiency should be shown in this department if the citizens of this city are to receive the protection which the law is intended to afford."

I note that Inspector Cummings of this department conferred with you on April 8, regarding the conditions in detail in regard to the conditions and also on the same date he conferred with your sealer, Mr. John W. Stott, and his deputy on the matter.

After careful consideration of the reported violations, I have concluded that some of the duties must be called to the attention of the court and these will be heard in your local police court on Thursday of this week.

I greatly regret this action, which appears necessary from the fact that the law so provides and also the fact that your local officer does not seem inclined to cooperate with this department in its efforts to protect your citizens by the enforcement of the law. As has been many times previously stated to your sealer this department is ready to assist your local officers in the performance of their duties and I shall also be glad to supply you with any additional information in regard to our inspections in your city. Records of cases which are on file in the department for your reference if desired.

Although I am informed that the weights and measures department is under the direct control of another member of your board of commissioners, this letter is addressed to you in accordance with the provisions of law, and I would ask that you acknowledge the same and notify me as to action taken.

Very truly yours,  
Daniel C. Palmer,  
Commissioner of Weights and Measures.

# CARTER CONFESSES TO MURDER

Pugilist, After Receiving Life Sentence for Slaying of McPherson, Admits Killing Mrs. Donovan

BOSTON, April 18.—James H. Jennings, better known as Kid Carter, the pugilist, created one of the most amazing sensations in Suffolk county court history late yesterday afternoon when, after being sentenced for life for the murder of William H. McPherson, he calmly confessed that it was he who murdered Mildred Donovan, near Holy Cross cemetery on New Year's eve.

The confession was all the more startling when he added that there were several murders throughout the country to his credit and that perfectly innocent men were serving time for the crimes which he had committed.

The startling revelation in the case has suddenly shifted the scene of possible further action from Suffolk to Middlesex county.

It was learned yesterday that the

Donovan inquest, held shortly after the murder, satisfied the Middlesex authorities that Kid Carter murdered Mildred Donovan, and that District Attorney Higgins holds a warrant charging Carter with her murder.

In order not to prejudice the court case against Carter on the McPherson murder charge, District Attorney Higgins withheld this information until after the trial was over. However, action from this source now may result in Carter being sent to the electric chair.

## Peared Girl Would Tell

According to his amazing story he had planned to have Mildred Donovan, the Revere young woman, aid him in holding up the offices of the Metropolitan Coal company. On her refusal, he was afraid she would give him away. He then deliberately lured her to the lonely spot on Broadway just outside the Holy Cross cemetery, where he slowly strangled her to death by pressing his thumb against the lower portion of her throat. He coolly stated that she was dead in 16 minutes.

Twelve hours after this murder he was, in the hands of the police, for having shot William J. McPherson to death in a South End saloon.

The confession came just after Carter had received his sentence in the Suffolk superior court.

"I'd like to say something," he said, rising quickly.

He thanked the court and his attorneys for the manner in which he had been treated, and then suddenly remarked:

"I killed Mildred Donovan. That is only one of the many murders I have committed. What do you think of that?"

He then related in detail a gruesome story of this and other tragedies.

## TARIFF BILL ATTACKED

Republicans Ready to Assail Whole Revision

WASHINGTON, April 18.—The democratic tariff revision bill came in for its first attack in the senate yesterday and the skirmish outlined the scope and vigor of the fight that will be made against it by republican political forces when tariff discussions begin in the two houses.

Backed by requests from many interests for hearings on certain sections of the Underwood bill, republican senators made a demand upon members of the finance committee for hearings, and openly attacked the "secret legislation" now going on in the democratic caucus of house members.

Democratic senators who replied to the attack made it clear that the finance committee does not plan to grant any public hearings. Senators Williams and Stone insisted full hearings had been given by the house committee before the bill was prepared, while republican senators declared that these hearings had been of little value, because the rates of the Underwood bill were not then known.

With many complaints and objections before them, republican members of the senate are preparing for a general attack on all schedules of the bill. Senator Smoot has put two experts at work to analyze the Underwood bill and previous measures, to give the protectionist forces a basis for their fight.

Other republicans, who claim that important industries would be wiped out by the Underwood bill, again insist that business men and laboring men should have an opportunity to be heard before the new bill is passed.

The democratic house caucus worked over the Underwood bill throughout the day, upholding the democratic house leaders, and President Wilson upon all contested points. The woeen schedule was under fire throughout yesterday's session. Attempts to put ready-made clothing in the free list, and to alter other rates in the bill were defeated.

## SOCIAL AND FRATERNAL

The ball committee of the Knights of Columbus held a largely attended meeting last evening and made considerable progress toward the completion of the arrangements for the big social event which is scheduled to take place in the Assembly hall on Wednesday, April 30. The event is to be in aid of the building fund of the order. The principal business of last evening was the selection of a floor director and the members chose Mr. John F. Adams for this office. The chairman of the various sub-committees reported progress in their departments and judging from the amount of preparation and the energy of all concerned, the Knights of Columbus ball should prove to be one of the best and most widely discussed social affairs of the entire season.

## Loyal Order of Moose

At the last meeting of Lowell lodge, Loyal Order of Moose, the following officers were inducted to their respective positions:

District Deputy Supreme Dictator Charles W. Richards, assisted by the following acting supreme officers conducting the ceremonies: C. K. Nobles, supreme vice dictator; L. J. MacDonnell, supreme dictator; Robert W. Moore, supreme sergeant-at-arms. The officers installed were: Past dictator, Jas. W. McKenna; dictator, George D. Crowell; vice dictator, H. E. MacCallum; secretary, Hector Turnbull; treasurer, John M. Hogan; sergeant-at-arms, John P. Hume; inside guard, Paul Merrill; outside guard, John Hume; trustees, Patrick J. McCann; William Handley and Edward Turnbull; physician, Harold B. Plunkett.

## Knights of Malta

The regular meeting of the Lowell Commandery, Knights of Malta, was held recently and considerable important business was transacted. The officers read their semi-annual reports and the order was found to be in excellent condition in every way and enjoying rapid growth. The Black degree will be conferred on a class of candidates at the next convocation of the order. The visit to Gethsemane lodge of Everett on April 24 has been postponed because the Everett commandery is holding an entertainment on that day. The organization of a sisterhood, "Dames of Malta" is being discussed and action will be taken soon.

## Elgin Lodge, 168, N. E. O. P.

## GAVE MINSTREL SHOW

Successful Concert in Sacred Heart Hall

Last evening a minstrel show and dance under the auspices of the members of the Sacred Heart parish was held in the school hall and attracted a large gathering. Those in charge had the right idea of real enjoyment and they dealt it out in large quantities to all who attended. The event was successful in every respect, and all participants were warmly congratulated for the excellence of the performance.

The priests of the parish were in attendance and they, too, greatly enjoyed the performance.

The hall was beautifully decorated for the occasion, the national colors being artistically arranged about the stage and sides of the auditorium. When the performance opened the stage setting was one of rare beauty and brought forth a round of applause.

An excellent overview of popular sections was given by the entire company, under the direction of John J. Kelly, organist at the church, who by the way contributed materially to the success of the affair. Miss Kathleen Jennings, sang "Carina" in her usual clever manner; John Hartnett, as a man, gave "On the Mississippi" and he secured a great success. His singing was good but his real feature was a step of his own that he did during the rendition of the chorus; Geo. Kervin was well received when he gave "Have You Forgotten Margaret?" Miss Katherine Sharkey, one of the "ends," made a great hit in "My Georgiana Lou"; James Winn provided great amusement in his buck and wing dancing number; Harry Heelon, made good in "You Are a Great Big Blue Eyed Baby"; John McMahon, tenor soloist in the church choir, was in excellent voice and sang with excellent expression, the beautiful piece "Mine." He was loudly applauded and gracefully responded to an encore. Miss Margaret McQuinn was applauded after her characteristic singing of "That Regiment Ragtime Band" - Mrs. Philip Mooney, who possesses a beautiful soprano voice, sang "Melody of Love" and gave it in a manner that elicited considerable applause. She too was obliged to respond to an encore: Joseph Mahan, gave "Row, Row, Row," and he was awarded a great hand; John Devlin made a distinct hit in his singing of "The Girl I Call My Sweetheart Must Look Like You." The grand finale, "Kentucky Babe," by the entire company with Timothy Finnegan sus-

## FACE DISFIGURED WITH PIMPLES

Used to Itch Like Anything. Could Not Sleep Nights but Little. Used Cuticura Soap and Ointment Two Months and Was Cured.

31 Warren St., New Haven, Conn.—

"Pimples began to come about my face. They were the size of a cherry and they used to itch like anything. That kept me scratching them. They disfigured my face and it was full of small holes. I could not sleep nights but little. I began to use Cuticura soap and ointment and I began to see results. The pimples came out worse. One day while reading I saw the advertisement of Cuticura Soap and Ointment and after I used one can of Cuticura Soap and one box of Cuticura Ointment I saw some difference. I used the Cuticura Soap and Ointment for two months and I am cured." (Signed) D. Macella, Aug. 10, 1912.

## ENJOYABLE AFFAIR

Successful Dancing Party Held in Dracut Grange Hall Last Evening Under Auspices of New Liters

Dracut Center Grange hall was witness to a pleasant dancing party which held last evening by the New Liters, a well known group of young men who are devotees of the terpsichorean art. Long before the evening had at all advanced the floor was crowded with the graceful figures of the dancers each and every

one of whom was drinking in all the pleasures that go with this most pleasing form of recreation. That the various waltzes, two-steps, schottisches and other dances were enjoyed to the utmost was evident from the innumerable smiles which were given. This music was rendered with exquisite effect by O'Neil's orchestra, an aggregation of young players that have the ability of playing dance music in a manner that is appreciated by the most capricious critic. At a reasonable hour the party broke up, the young people leaving for home with the realization that their evening had been an unusually pleasant one.

## LEGISLATORS CLASH IN OHIO

## Bitterness Between Speaker McKinley and Rep. Browne Broke Out Afresh

SPRINGFIELD, O., April 17.—The bitterness between Speaker McKinley and Rep. O'Neil Browne broke out afresh in the house today, delaying business a quarter of an hour. The trouble began when Browne attempted to prevent a resolution before the time had arrived for the presentation of such documents. Speaker McKinley ruled him out of order.

"I appeal from the decision of the chair," shouted Browne. Meantime the house went on with the consideration of senate bills. Browne continued to shout for recognition. Speaker McKinley directed

sergeant-at-arms Kelm, a Browne appointee, to put Browne back in his seat but Kelm refused to obey. A motion that Kelm be summarily removed from his position was put to a vote and the speaker decided that Kelm had been deposed.

"If you are trying to turn pandemonium loose in this house," shouted Browne, "you are going about it in the right way." He took his seat, however.

The speaker then asked Doorkeeper Carl Burg to take the position of sergeant-at-arms temporarily and the business of the house was resumed.

## CALLING FOR BIDS

## The Purchasing Agent's Office is Busy Place

With the beginning of the spring work in city departments, the purchasing agent's office develops a grand circuiting gate. This is the season of the year when requisitions begin to pile in and the men who trade with the city are conspicuous these days, and not by their absence. The purchasing agent has a great deal of work on hand at the present time and he will be calling for bids on good sized contracts within a few days.

On April 23, bids will open on 4200 barrels, more or less, of Portland cement for the street department; 50,000, more or less, of hard burned brick for the sewer department; 500 barrels of cement for the sewer department and castings, manhole covers, catch basin frames.

On Saturday, April 27, the purchasing agent will call for bids on 10,000 feet of granite edgestones and 500 lineal feet of circle granite for the street department.

## Contracts Awarded

The contract for drugs for the city dispensary has been awarded to Fells & Burkinshaw. This company bid \$62.00, and the other bids were as follows: P. N. Brunelle, \$53.00; P. & E. Bailey, \$67.11; James J. Brown, \$75.

The contract for 3000 feet of spruce plank, board measure, six to nine inches in width and twelve to twenty feet in length, for the street department, was awarded to Pratt & Forrest, their bid being \$25.00. Amasa Pratt Co. bid \$24.00; Burnham & Davis, \$30.00, and Davis & Sargent, \$31.00.

## MOTORCYCLE BUSINESS

Many Will Enjoy Vacation Trips to Various Points of Interest on Motorcycles—Many New Purchases

It seems that quite a number of Lowell men intend to spend their summer vacations on motorcycle trips and many will use new machines purchased this spring from Mark McCann, agent of the Dayton and the Excelsior, and from Mr. Bachelder, who sells the Indian and Pope machines.

Mr. McCann through his energy as a motor cyclist himself, has encour-

aged not a few to purchase machines and taste the pleasure which the ownership of a motorcycle affords. Mr. McCann has taken several extended trips on his own machine and never experienced an accident or like discomfort. Of course the 1913 machines have all the newest equipment and have the benefit of all the latest accessories.

The present quarters of Mr. Bachelder in Post Office avenue present a busy scene each day when motor cyclists gather there preparatory to starting on an outing. The features of the Indian may have caught the admiration of enthusiasts to such an extent that the sales of this machine by Mr. Bachelder as well as of the Pope, have been numerous.

## BACKACHE A SYMPTOM

## Of More Serious Illness Approaching. Mrs. Bender's Case.

Backache is a symptom of organic weakness or derangement. If you have backache don't neglect it. To get permanent relief you must reach the root of the trouble. Read about Mrs. Bender's experience.

St. James, Mo.—"About a year ago I was irregular, had cramps every month, headache and constant backache. I took Lydia E. Pinkham's Vegetable Compound and used the Sensitive Wash and I am relieved of all my troubles and am in perfect health. I shall recommend your medicine to all my friends and you may publish this testimonial for the benefit of other suffering women."—Miss ANNA BENDER, St. James, Missouri.

Another Case.

Dixon, Iowa—"I have been taking Lydia E. Pinkham's Vegetable Compound for some time and it has done me very much good. My back troubled me very much. It seemed weak. I had much pain and I was not as regular as I should have been. The Compound has cured these troubles and I recommend it to all my friends."—Mrs. BERTHA DIERKSEN, Box 102, Dixon, Iowa.

Every woman ought to have Lydia E. Pinkham's 80 Page Text Book. It is not a book for general distribution as it is too expensive. It is free, and only obtainable by mail. Write for it to-day. Lydia E. Pinkham Medicine Co., Lynn, Mass.

## STATE SENDS BIG CHECK

## To City on Account of Industrial Schools

The city treasurer has received a check for \$11,275.37 from the state as reimbursement for the expenses of the city in keeping up the Lowell Industrial school from July 15, 1911, to November 30, 1912. According to the prevailing system, the state reimburses the towns one-half of what they expend for the tuition of their residents in the Industrial school and also the state reimburses the city one-half for the maintenance of the school. The amount mentioned above is to cover one-half the maintenance during the time here stated and not for equipment or building.

## DANCING PARTY BY CHAUFFEURS

Lincoln Hall the Scene of  
Happy Gathering  
Last Night

This morning a great many tired people made expression of their appreciation of the very enjoyable evening furnished by the American Federation of Chauffeurs at the fourth annual concert and ball of the latter, which took place in Lincoln hall last evening. The event was an artistic as well as a financial success.

The hall was attractively decorated and the stage was a bower of beauty. A painting depicting two motorists driving their cars was arranged at the rear of the stage and this was set off to the best advantage by a novel lighting effect.

The music was furnished by Kittredge's orchestra, and the evening was opened with a concert. Among the numbers were songs by Edward Conley, Miss Agnes Devine and James P. Shugrue, the accompanists being Miss Elizabeth Donahue and Miss Anna Murphy. After this feature the general dancing was begun and the dance order contained the announcements of 29 numbers. The committee in charge of the affair were the following:

General manager, Charles A. Cote; assistant manager, John F. Brodley; floor marshal, John J. Hurley; chief aid, Thomas F. Sullivan; assistant chief aid, Thomas F. Bagley; assistant floor marshal, Edwin Knight; aid, James F. Truxey; Robert Hill, William T. Hart, Marvin Grunig, John E. Gill, Fred G. Key, Romeo Perreault, Alfred Burke, Fred Cote, Alex. Beaumier, Frank Pettie, Henry Demers, John J. Curran, Fred Anderson, Claude Hutter, William M. Livingston, George W. Chaloux.

## Parents, Read this Letter!

I have a letter from a prominent Maine clergyman in regard to a sickness of one of his children from which I quote as follows: "Our two-year-old baby was very sick at two different times and we came near losing her. We had the best doctors, but they did not know what the trouble was. In the first sickness she had high fever for several days, and the doctor said it acted like scarlet fever, but as there were no other cases he did not think it could be. Afterwards she broke out in a rash all over her body. The last sickness was similar and the doctor was puzzled. She was very nervous and we feared we would lose her. Your Dr. True's Elixir was recommended, and after two days' use she passed several worms from two to three inches in length, and is now well and strong and sleeps at night without fretting, tossing and starting in a fright as she did formerly."

I will be glad to furnish this clergyman's name and address to anyone who cares to write to me.

N.B.—True's Elixir is the best known remedy for all stomach and bowel troubles. Purely vegetable, pleasant to take and entirely harmless. Expels stomach worms and pinworms. All dealers, 35c; 50c; \$1.00. Your grocer for better health.

## ACCIDENT PROVED FATAL

B. C. Morrison Passed Away at His Home Yesterday—Was Injured in Runaway

Benjamin C. Morrison, the Pawtucketville provision dealer, who was severely injured in a runaway accident in Pawtucketville Tuesday, died of his injuries yesterday, at his home in Mammoth road.

Mr. Morrison was born at Boscawen, N. H., Jan. 2, 1842. He enlisted in 1861 at Concord, N. H., in the first company of Berdan's Sharpshooters. In the second year of the war, was transferred to the quartermaster's department, remaining till close of war and then had charge of fitting up the national cemetery at Knoxville, Tenn. He has been a resident of Lowell for over forty years, first in business with his brother, J. M. Wilson & Co., and later conducting a provision store at Pawtucketville. He leaves a widow, Emily Coburn Morrison; one son, William C., and one daughter, Lillian E. Morrison; four brothers, Charles E. Morrison of Lacombe, N. H., Samuel W. Morrison of Penacook, N. H., Arthur H. Morrison of Dover, N. H., and Joseph M. Wilson of this city, also a sister, Mrs. Mary F. Ryan of this city.

## THE CHORAL SOCIETY

Its Presentation of "The Creation" at the Opera House, May 14, Will Be Notable Event

It was on Washington's birthday, Feb. 22, 1870, when the Lowell Choral society first gave "The Creation." Then it was given with a chorus of over 200 voices. The solo parts were taken by members of the society and the orchestra was a piano. That was 43 years ago. Now times have changed. This year the society will present this marvelous work, which was written in 1798, and has survived its first performance by over 110 years, with a chorus of over 150 voices, three of the most eminent soloists obtainable, and the Boston Festival orchestra. It will be a finished production, from whatever point of view you stare, unless all signs fail. The chorus was never better, the soloists can't be excelled and the orchestra is the finest ever.

The oratorio will be given in the Opera House on Wednesday evening, May 14. The Opera House was engaged in response to the request of many friends of the society, and although a considerable extra expense is thus incurred, its officers have nevertheless decided to maintain the same scale of prices for seats that prevailed in Association hall. They realize that the work of the society in Lowell is largely educational, and that the concert should be brought within the reach of as many as possible. Judging from the interest

The society has been especially fortunate in its choice of soloists, as all three, who are very favorably known in this city, are unsurpassed by any in the country for this particular work. Mrs. Marie Sundelius, the soprano, will be heartily welcomed by all who have had the pleasure of hear-

ing her on the several occasions when she has sung at Rogers Hall school; and the Swedish people of the city will be glad to renew an acquaintance formed several years ago, when she afforded rare pleasure with her singing at some of their gatherings. Besides possessing a voice of rare beauty, Mrs. Sundelius has a charming personality, which captivates her audience from the moment she appears upon the platform.

Paul Althouse, the tenor, will be remembered with enthusiasm by all who heard him at the first concert of the Choral society last season, and at the Canobie lake festival in September, where his singing of "The Messiah" was one of the most noteworthy performances ever heard in this vicinity. But his greatest triumph was his recent debut with the Metropolitan Opera company in New York in the new Russian opera, "Boris Gudonoff." Musical critics with one voice acclaimed him the greatest acquisition in recent years to the ranks of the Metropolitan Opera company, and some have even said that he is likely to prove to be the tenor for whom America has been waiting many years. Lowell is indeed fortunate in being able to hear a tenor fresh from laurels such as these.

As for Frederic Martin, basso, of New York, an instant demand for his appearance in Lowell followed his singing of "The Messiah" at Canobie lake. No singer in the country surpasses him for the difficult bass roles in "The Messiah" and "The Creation." He received great praise for his singing of the latter work with the Handel and Haydn society of Boston recently.

## GARMENT STRIKE OVER

Peace Agreement Signed  
in Boston

BOSTON, April 18.—The strike of the 2500 workers on men's garments, which has been in progress for 11 weeks, was practically ended yesterday afternoon.

Nineteen of the 20 big firms which have been holding out signed an agreement with the union yesterday granting the strikers practically everything they asked for, and on Monday about 2400 of the strikers will return to work.

## Strikers Parade

Plans for securing the return of the 900 strikers who went to New York were begun at once. It was stated, however, that probably not more than a couple of hundred will come back to Boston, for nearly all who left this city have secured positions in New York.

The news of the settlement of the strike was received with the greatest enthusiasm by the strikers, and they paraded along Washington street cheering. Chairman Samuel Zorn of the strikers' committee was carried triumphantly along on the shoulders of the marchers.

## Grant Original Demands

The 19 manufacturers who signed the agreement are members of the Boston Clothiers' Association, and the terms of the agreement are practically those asked for by the union originally. The words "union" and "unions" were not mentioned in the agreement, but according to members of the union, the terms of the agreement provide for union procedure.

The only firm that has declined to settle with the union, up to date, is the Macular Parker Company, officers of the union stated, and this firm will be asked to sign the settlement agreement signed yesterday by the union and the 19 manufacturers.

The settlement agreement was drafted after an all-night conference at the United States Hotel.

## ROOT OF THE EVIL

Those who were fortunate enough to hear the splendid address of William H. Saywood, secretary of the Boston Master Builders' association, before the members of the Lowell Builders' exchange, will not soon forget the earnestness with which he urged on the members of the local building trades the necessity of seeking out the causes of labor troubles, before they come to a head, and so preventing them or eradicating them completely. As he quoted to illustrate his remarks the experience of Lowell, and in a lesser degree, our own city of Lowell, in their textile troubles of recent times, his words were particularly significant. He said that the experiences of a long life have taught him that most labor troubles are entirely preventable. If employers will anticipate them and, by treating the employed with justice and humanity, make their continuance impossible for the future.

Apart from the question of technical right and wrong which is involved in all labor disputes, it is certain that if a spirit of mutual goodwill were fostered by sincere and unflinching methods of conciliation, most of the labor troubles that have distressed and agitated the country of late years would have been entirely prevented. In the old days the toilers worked for a wage as they do now, but there was also a spirit of kindly interest shown in the relationship of employer and employee. As an illustration one might read the descriptions of the Lowell mill life of the past as given by Lucy Larcom or Charles Dickens, and then compare them with the conditions of today.

Although times have changed, and people have changed accordingly, the workers in the mills and factories of the land are still human, and they work for human beings. If both sides remembered this fact and strove to put a realization of it into their mutual relations, we might hope to see a speedy end of the many industrial wars that play their mimic parts on the battlefields of American labor. The mill owners are careful to protect and safeguard their machinery and other property, but they too often leave their most valuable asset—their mill operatives—in danger of false guidance. So long as antagonism and mutual distrust are felt by employer and employee, so long will the passions of men, sufler and smouldering, await the incendiary touch of the fatal eloquence of a Haywood, a Giovannitti, or an Eiler.

## INCOME TAX

Those who regard the income tax as a radical measure are very apt to forget that slightly varying forms of such a method of natural taxation are now in force in most of the principal countries of the world. In Germany the proposed army increase has added millions to the already excessive national taxation, and as the poor cannot bear the increased burden the cost of the proposed armament will come wholly from those who own vast fortunes. In England, too, the lords and rich land owners are being made to feel their responsibility in supporting the government, by a taxation proportionate to their means, and Chancellor Lloyd George promises parliamentary measures in the near future which will impose still heavier burdens on them and make them realize more fully that the day of their exemption from a proportionate share of the taxation is over.

As the American income tax will become a fact in the near future, the working of it will be a matter of general interest. As it will affect only incomes in excess of \$4,000 per year, it is a foregone conclusion that it will be perfectly satisfactory to all whose incomes are less than that figure—and there are a great many of such. According to Congressman Hull of Tennessee, the author of its provisions, those who draw an income of from \$1,000 to \$20,000 will have to pay a normal tax of one per cent. There will be an additional or super-tax on all incomes in excess of \$20,000, proportionately greater according to the greater amount of income.

Naturally, one of the greatest problems of the government concerning the new income tax will be the detection of fraud or the desire to escape taxation. The government declares, however, that it has no fears on this score as plans are being devised and perfected by which the commission of fraud will be almost an impossibility. Undoubtedly such a plan, to be satisfactory, must deal with a great mass of confusing detail, but it can be taken at the start, the income tax law, like some other laws, will be honored more in the breach than in the observance. Although the national income will be enormous, the new measure will not inflict an unreasonable burden on any individual, as those who receive more should be ready to give in proportion.

portion. In the past, those who received least gave the most, or rather were compelled to give the most.

## THAT CONTAGIOUS HOSPITAL

It is high time surely that this city authorities should show the people that they are in earnest on the question of the erection of a contagious hospital, as demanded by the laws of the state. The delay is not a question of cost and cannot be attributed to the desire of a longer time for consideration. There has been altogether too much procrastination already, and the time is near when the city will have no choice in the matter, but will be compelled to comply with the state requirements. Public demand for compliance with the law becomes more pressing daily.

Now, what the public wants is a contagious hospital and not more empty promises. Many agencies at work throughout the state in a campaign of public education, and the people are aroused as never before to the dangers of infection, and the need for scientific treatment for its elimination. At a recent meeting of the local board of health, the necessity of segregation and supervision under scientific medical management was strongly urged. Such a spirit is worthy of praise and public support. But it will be remembered also that on a recent occasion the state board of health sent a communication to our municipal council in which far more drastic measures than now exist, in dealing with infectious diseases, were advocated. As yet we are in the initial stage, for we are still looking for a hospital site. The city's attitude is like that of the boy who was looking for work and hoping that he would not succeed in finding it.

We have learned a costly lesson in our recent scarlet fever epidemic and one that should be heeded. As a settlement of the contagious hospital site does not seem possible by the special commission plan, the municipal council ought to consider the matter and decide on a site that will not be generally objected to. It may not, in fact, it will not, be possible to secure one that will satisfy everybody, but by thought and care one could be secured that will please most of the people, without resorting to the tardy processes by which the city has thus far avoided the performance of a plain and most necessary duty.

## PATRIOTS DAY

In the celebration of Patriots day Lowell ought to take particular pride. While it is in general a day set apart to commemorate all those who so nobly gave their lives to preserve the Union—the lowly of the rank and file as well as the more notable ones who are honored by monuments in the cities and the hearts of the land—Lowell ought to feel that it is in particular a day in which she may unblushingly assert her share in the glorious struggles of the past. It will also be gratefully remembered that one of our most famous sons, in the person of the late Governor Greenhalge, was instrumental in the setting apart of the day as a state holiday.

On Patriots day Lowell commemorates the fall of Ladd, Whitney and Taylor when passing through Baltimore and as they were the protagonists of the war, their heroism on this day is, or should be, celebrated not only throughout the state but throughout the country. Lowell has the special distinction of having been the first to respond to the call to arms, the first to send her soldiers to the defence of the national capital, the first city whose sons shed their blood on the altar of patriotism in the cause of union. This is why Lowell is more of a central figure in the observance of Patriots day than any other city in the land.

Of course Patriots day is also the anniversary of the battle of Lexington, the first in the Revolutionary war, so that it is broad enough to arouse the patriotic fervor of all citizens.

## Seen and Heard

Lowell friends of "Hon. Dan" F. Doherty, a leading democrat of Massachusetts and president of the New England Whig club of Westfield, one of the largest centers of its kind in the world, will learn with pleasure that he is about to be married to Miss Helen Dillon of Dalton, a charming and accomplished young lady. Few men in Massachusetts can count as many genuine friends as Mr. Doherty, and when several years ago there was a pronounced movement to nominate him for lieutenant governor, Mr. Doherty declined the honor, preferring to remain in the ranks as a soldier and a fighter for democratic principles. Of splendid physique and claim to his personality that is irresistible, "Dan" Doherty has long been regarded as one of the eligible bachelors in the state, with a successful business in the wool industry. Hence it is that whenever one may go in and around Westfield and Springfield the praises of "Dan" Doherty are always sung as the type of a clean, cut, man, a good citizen, and whom it is a pleasure to know. Lowell men can attest to his striking popularity by the tremendous ovation accorded him by the national committee, during the inauguration ceremony in March at Washington. The reception given at the hotel to speak was enough to warm the cockles of any man's heart, and showed that the good looking democrat from the Berkshire is well thought of.

**NOW I LAY ME DOWN TO SLEEP**  
Copy of the lines found in the Knapsack of a soldier in the Civil war, who had been slain in battle. It is not known by whom these lines were written.

Near the flickering candle light,  
In my blanket bed I lie,  
Gazing through the shades of night,  
At the twinkling stars on high.  
O'er me spirits in the air,  
Silent watch seem to keep,  
As I breathe my children's prayer,  
Now I lay me down to sleep.

Sadly sings the whippoorwill  
In the boughs of yonder tree;  
Lamenting the dancing fire,  
Swells the midnight melody.  
Faintly glows the flickering light,  
In the canyon, dark and deep,  
Low I breathe in Jesus' ear,  
I pray Thee, Lord, my soul to keep.

"Mid these stars I face a foe,  
(One the Savior turned away),  
Mother, who in infancy,  
Taught my baby lips to pray.  
Her sweet spirit hovers near,  
In this lonely mountain brake;  
The angels, too, invisible,  
"If I should die before I wake,"  
Fainter glows the flickering light,  
Faintly the birds of night,  
Fill the air with sad cries,  
O'er me they seem to cry,  
Low I breathe in Jesus' ear,  
I pray Thee, Lord, my soul to keep.

Now I lay me down to sleep,  
I pray Thee, Lord, to keep;  
If I should never wake,  
I pray Thee, Lord, my soul to keep.

## EDITORIAL COMMENT

**Their Spring Feeling**  
Portland Express: English militants yesterday placed explosives in a seaside market, set it on fire, after which to pass away the time they cut a few dozen telephone wires.

**A New Variety**  
Brooklyn Times: A third of the workers of Belgium are on strike, and there has not been a cracked or broken window. What a lesson to the rest of the world, whether or not it does anything for Belgium.

**Personally Delivered**  
Springfield Union: President Wilson's first message to congress was sent out by the government printing office dated The White House, April 8, 1913, which is the command, since the president delivered the message personally in the halls of congress. Being a stickler for historical accuracy, the president has recalled all copies of this message and is having them so printed as to make it plain that the message was personally delivered.

**Bryan's Power**  
Lynn News: On his trip around the world, some years ago, Mr. Bryan made a very favorable impression, so the missionaries have stated. Because of the frequency and the joyous and the sincerity of his addresses on religious subjects. He makes the same kind of an impression in this country. His addresses are so sincere, marked throughout by a spirit of reverence and the most practical common sense. They appeal, therefore, to men who are untouched by the amusements of the world. He stands on the right side of moral and religious questions. And therein is found a part of the power which he has for his country. He has a considerable section of the American public.

**Getting Our Goat**  
Worcester Call: A western packer says why we should not take to goat meat in place of the mutton, goat being good food. But how long would it remain plentiful and cheap? No longer, we fear, than it would take the most trust to limit the supply and put up the price. The modern theory of "producers" is that provisions should be scarce and correspondingly high. The supply, for instance, has practically disappeared as a food of the common people.

**Finely**  
Pester's Democrat: The London Standard is polite to Ambassador-designate Page, but suggests that the people of the United States ought to put their diplomatic service on a different footing. A poor man succeeding a multi-millionaire at London, for example, would find his position intolerable, it says, on the scanty allowance of \$10,000 a year. It is a great, generous and very expensive duty of the American ambassador in London, and it is right that the state should bear the considerable expense to which its representative is put.

**Spring Flowers**  
Beverly Times: There is a gentle charm in the pursuit after the flowers of spring. The location of such plants is a secret carefully guarded like a hidden treasure, revealed only to the chosen ones. Going to a garden is a traditional diversion handed down from English life. "O that we two were Maying" has enriched it in imperishable verse.

Years ago country schools used to celebrate May day as a holiday devoted to flower searching. Teacher used to wander afield followed by her tender little pupils, and all returning at night with aly legs, but full baskets filling their chubby hands. Today it is to be feared that a fifth grade boy who went "Maying" would be a student from his hall team for ninety days.

**Abuse of Pensions**  
Boston T-Traveler: The municipal pensioning is growing more and more popular. Among those most prominent in supporting it are statesmen noted for their liberality with other people's money and for their ability to become wealthy without working. Special pensions for Brown, Jones and Robinson; a broader, more inclusive pensioning system for men after serving pensions according to their merits—that is the method now in vogue and based on utter disregard of the rights of the people. We have to pay the bills and we cannot reach high enough to obtain pensions.

## ECZEMA BROKE OUT AS RASH ON NECK

Spread into Great Solid Masses. Itched and Worried Him Continually. Used Cuticura Soap and Ointment. Eczema Gone.

6 Florence St., Andover, Mass.—"My little boy when smooth skin had a touch of eczema on his neck behind the ears.

It broke out as a rash and spread into great solid masses. It itched and worried him continually and covered one of his cheeks.

He looked very badly; not like himself a bit. He couldn't scratch around the back of his neck, but rolled his head from side to side when on a pillow or over a chair or anything. He was a sight, to say nothing of his suffering.

I tried several salves and washes without results, then sent for some Cuticura Soap and Ointment. I applied the Cuticura Ointment after a warm bath with the Cuticura Soap. In a few weeks the eczema was gone; my child was completely cured."

(Signed) Mrs. H. G. Hatch, Apr. 2, 1912.

Why not use the best skin soap instead of the poorest? The difference in cost is trifling, the result in use of Cuticura Soap is great. It cleanses the skin, removes dandruff, red, rough, cracked skin, itching and baby skin troubles, especially when assisted by Cuticura Ointment, and soothes and cures all skin diseases. Liberal sample of each mailed free, with 32-p. Skin Book. Address post-card "Cuticura, Dept. T, Boston."

Men who shave and shampoo with Cuticura Soap will find it best for skin and scalp.

CO. G SURPRISED

By Unexpected Visit of Inspector General Lieutenant Colonel Barrows Last Night

Co. G held its weekly drill last night at the armory in Westford street, and during the exercise was given a thorough inspection by Lieut. Col. Barrows of the inspector general's department. The latter arrived very unexpectedly, but, nevertheless, the men went through the drill in great shape and later were complimented for their fine showing.

This inspection in military circles is called the "snap" inspection for the fact that the commanding officers have

absolutely no warning and cannot prepare their commands for the work. This inspection is resorted to by the inspector general in order to test more thoroughly the efficiency of a company.

## SUES HUSBAND FOR BOARD

## Former Wife Wants Pay for "Services"

BOSTON, April 18.—Can a wife sue her husband for his meals and board? This is the question which is being asked by attorneys and laymen about the Suffolk court, where a suit has been filed against Milton A. Woodbury by Mrs. Elizabeth T. Beals.

Mrs. Beals and Woodbury were living as man and wife when the contract was made for a husband and wife. The suit was filed on May 1 to pay the bill of particulars specified for board, meals and household furnishings.

Some months ago the marriage of Mrs. Beals and Woodbury was annulled by the court. Woodbury claimed that Mrs. Beals had a husband living at the time of his marriage to her. Prior to the annulment proceedings Mrs. Beals filed a suit for divorce against Beals on the ground of desertion, which was granted.

Mrs. Beals claims that Woodbury owes her \$1720.48 for room and meals for different periods in 1912 and 1913, also for furniture and money loaned from their earnings in a business enterprise.

Woodbury has made a general denial.

## HIS LANDLADY'S ADVICE PROBABLY SAVED HIS LIFE

I feel that Dr. Kilmer's Swamp-Root saved my life. I inherited weak kidneys. The discharge was so frequent and painful that I would have to stay in bed to obtain temporary relief. I consulted good physicians but the results were disappointing. My landlady advised me to try Swamp-Root as the last resort, which I did, and I was quickly relieved.

I continued taking Swamp-Root and my weight has increased fifty pounds. My health is of the best and I have told many others about Dr. Kilmer's Swamp-Root and have done a lot of good in this way. Your wonderful medicine is of great value to mankind.

J. H. RUMBLEY, Pawtucket, R. I.

The above statement made here me I declare to be truthful in every detail.

EXPLOSION IN ENGINE ROOM CAUSED FIRE

100 Workers Had Narrow Escape—Press Room Badly Damaged—Two Firemen Injured—Loss \$50,000

NEW YORK, April 18.—The editorial and mechanical staffs of the New York American were forced to flee from their building near the Brooklyn bridge terminal at press time early today by a threatening fire. The blaze originated in the engine room from an explosion and ate its way rapidly around the press room while dense clouds of smoke poured up the elevator shafts, making the escape of more than a hundred workers on the upper floors seem perilous but all got out safely. The press room was so badly damaged that it was necessary to print the late editions from the World plant. The loss is less than \$50,000. Two firemen were badly injured in fighting the flames.

## FELL TO THEIR DEATH

## Balloon Collapsed at the Height of 65 Feet

NOISY-LE-GRANDE, France, April 18.—One of the most terrible accidents to a spherical balloon in many years occurred here yesterday afternoon. The military balloon Zodiae collapsed at a height of about 650 feet and fell to the ground with its five occupants, all of whom were killed.

The Zodiae had a capacity of 1600 cubic meters and was inflated with ordinary gas. It left the Aero club park at St. Cloud with the military aeronauts Capt. Clevenad and Denoue, Lieut. de Vaisselet and Artilleryman Rechy and the civilian pilot Aumont Thelville aboard.

Propelled by a strong wind the balloon passed rapidly over Paris and arrived at Noisy-le-Grand. Observers suddenly saw it shroud up and fall. Laborers working in the fields rushed to the assistance of the aeronauts, but had difficulty in extricating them from the vast mass of silk.

ON CHARGE OF MURDER

Harlan Tupper Given Hearing Today

BINGHAM, Me., April 18.—Harlan Tupper, who was charged by the coroner's jury last night with having killed Fred McLaughlin, the lumberman who was shot in front of his home yesterday, was given a preliminary hearing today.

A dozen or more witnesses were called. Conflicting stories of the shooting were told at the coroner's inquest and a more thorough examination was made by the officials before the hearing was opened. The report of the autopsy gave three wounds in one side of the body while Tupper testified that he had stood on the opposite side when he fired in self defense as McLaughlin was rushed upon him with a sled stake.

A witness testified that the men were five feet apart when the shooting occurred. One of the rifle bullets entered McLaughlin's leg near the body, another passed through an arm and the hip, and the third passed through the shoulder and heart and emerged from the body on the side opposite that which it entered.

Was Found Not Guilty of Serious Charges

D. A. R.

WASHINGTON, April 18.—Interest was intense when the delegates to the continental congress of the Daughters of the American Revolution met for the third day of balloting for a president-general of the organization. Among the compromise candidates mentioned were Mrs. Charles Bond of Massachusetts and Mrs. George Bliver of Connecticut. A third was said to be kept in reserve in the event that the new entrants failed to break the deadlock. The attitude of the adherents of Mrs. Charles B. Bryan of Tennessee, who lost strength in the vote of yesterday, was a question of the highest importance to the managers of the other two official candidates for leadership, Mrs. William C. Storey of New York and Mrs. John Horton of Buffalo.

Mrs. Bryan's followers met last night and were in session until early this morning without arriving at a decision. It was expected by the convention that they would have something to communicate today. The election was further complicated by the failure of the convention to elect the seven remaining vice president generals. There are ten candidates and this far none has received sufficient votes to give her official position.

# FUNERAL HELD UP AUTO HITS HACK

Cortege of Rev. Fr. Saunders' Funeral  
Broken by Dr. Martin's Chauffeur  
—Procession Held Up

An accident which caused considerable excitement for the fact that it delayed a large funeral procession, and in which there were narrow escapes, occurred this morning in Central street, when an automobile crashed into a hack in the cortege of Rev. Edward F. Saunders' funeral. Fortunately there was no one injured, but those riding in the hack were forced to get out and transfer to another carriage. The funeral procession was delayed for some time, while a large crowd gathered in the vicinity, wondering why an auto should break through a funeral procession. The funeral procession was passing up Central street shortly before noon, when an automobile owned by Dr. G. Forrest Martin crashed into a hack owned and driven by Michael T. Rafferty of 15 Auburn street. Dr. Martin was not in his machine at the time of the accident, and the auto was in charge of his chauffeur, it is said. Witnesses of the accident say that the automobile was coming from Middle street, and that the chauffeur attempted to cut through the funeral line. The result was that the automobile crashed into the hack, snapping the pole strap. The hack driver brought his horses to a full stop before any more damage was done and another carriage was pressed into service for the use of Mr. and Mrs. John Flynn who were riding in the hack at the time of the accident. The funeral was delayed while the change was made and then it resumed its course. Those who witnessed the interruption of the funeral were quite indignant at the chauffeur who caused the delay. The chauffeur probably was not aware of the fact that he was liable to arrest for cutting through or attempting to cut through a funeral line. It is stated that Dr. Martin's chauffeur bumped into a Highland car recently and damaged the car so badly that it had to be sent to the repair shop.

## ONE WAY STREETS

Signs to Be Posted on Smith and Nichols Streets—Bids on Paving Blocks

Bids on paving blocks for the street department will open at the office of the purchasing agent on Thursday morning, April 24, at 10 o'clock. The bids will call for blocks enough to cover 13,000 square yards and the blocks will have to conform to the following dimensions: Eight to twelve inches in length; four to four and one-half inches in width and four to four and one-half inches in depth.

On Monday evening, April 22, at 7:30 o'clock, the commissioner of streets and highways, James E. Donnelly, will give hearings on sewer petitions, six or seven in all, and on Thursday, May 1, at 7:30 p. m., he will give hearings on petitions for new sidewalks, street acceptances, street extensions, etc.

The signs notifying the public of the fact that Smith and Nichols streets have been made one-way streets, will be posted in Branch and Westford streets within a few days. The ordinance making Smith and Nichols streets one-way streets, was passed at a recent meeting of the municipal council and will become operative Monday. Nichols is a one-way street going north and Smith, a one-way street going south. Or, in other words, Nichols is the street to take from Westford to Branch street and Smith street is the legal route from Branch street to Westford street.

SAN FRANCISCO, April 18.—A petition in habeas corpus filed here yesterday on the refusal of immigration officials to allow Ng Kuen, a young Chinese, to land without a certificate seems to determine if a man who was a minor when he started from the Orient shall be adjudged a minor upon landing if he celebrated his 21st birthday at sea. When Ng Kuen sailed from Hongkong he was 20 years, 10 months and 26 days old. His father is a California business man and he expected to land without difficulty, as the minor child of a merchant. On the way, however, the steamer's propeller became disabled and he lost six days at Nagasaki harbor. When he reached San Francisco he was a man and was denied admittance to the country.

## ARE THE LOWELL DEALERS DISHONEST?

Is Sealer of Weights and Measures on the Level?—Letter Suggests Questions

The state commissioner of weights and measures, Daniel C. Palmer, says that Lowell people are being gulled by short weight artists, and he has addressed a letter to Mayor O'Donnell, in which he states that Lowell's scales of weights and measures is not inclined to protect the people against short weight. The letter: Boston, April 16.  
Hon. James E. O'Donnell, Mayor, Lowell, Mass.  
Dear Sir:—In accordance with the provisions of chapter 2 of the revised laws, I would respectfully inform you that the officers of this department on April 1 to 4 made an inspection of the weights and measures in use by merchants in your city and I quote from the inspectors' reports of conditions as follows:  
"In this city (Lowell) 27 per cent of the scales, weights and measures inspected were found to be unsealed and it is understood that new scales and measures had been sealed. Little, if any, effort was made by the local officer to see if they were properly used, with the result that in many instances we found evidences of short weight."

## CLASS IN INCOME TAXATION

Democratic Members of House  
in Role of Students—Tariff Bill Discussed

WASHINGTON, April 18.—With democratic members of the house in the role of students today, Rep. Hull of Tennessee converted the tariff caucus to a class in income taxation after the caucus had disposed of amendments to a few items on the free list passed over from yesterday. Several members sought to have a small duty levied on raw rubber, raw silk and tungsten ore. Mr. Hull wrote the income tax section of the democratic bill in which widespread interest has been aroused, members of congress particularly evincing a desire for information as to the effect of the proposed tax before trying to criticize its provisions. The Tennessee member, who has made a study of the income tax problem for many years, explained his plan in a lengthy address to his colleagues and on nearly every provision he was asked a dozen questions. The first vote of the day in the tax bill became apparent today, was to be the principal subject of debate when its discussion began in earnest. Several members were planning to attack it on the ground of unconstitutionality. The committee is ready to contend that there is no ground for apprehension on that score. While the democrats were in session, the house republicans went into caucus to settle whether they should offer a tariff program of their own or follow the plan of Rep. Moore and Rep. Fordney to merely point out the defects in the democratic bill. Republican members of the ways and means committee had voted four to two to direct the republican caucus to prepare amendments to the democratic bill. Cal. Landholding Bill  
TOKIO, April 18.—The situation brought about by the California landholding bill is becoming increasingly serious. A mass meeting today composed for the most part of irresponsible persons demanded the most extreme measures of retaliation by Japan. During the gathering the singing of war songs aroused the feelings of many of the lower classes.

# "CONSTITUTION OF THE U. S. A."

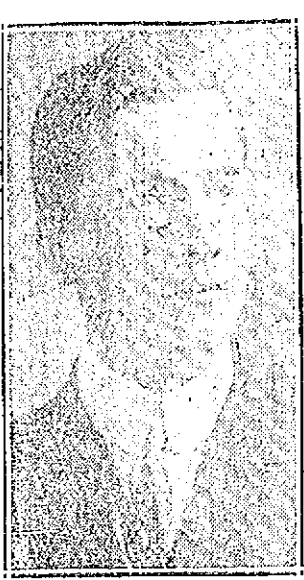

Interesting Lecture by  
**H. V. Charbonneau,**  
Esq.

The second annual talk and entertainment of the members of St. Joseph's College alumni was held last night at the college hall in Merrimack street, and the affair was attended by over 100 young men. A feature of the evening was an interesting lecture on the "Constitution of the United States" by Henry V. Charbonneau, Esq., vice-president of the alumni. An entertainment program was also provided and a luncheon was served.

The speaker was organized by three regional directors of the alumni, Messrs. Edmund S. Desmarais, Eugene B. Brown, and Sam S. Parent, and the three were warmly complimented for the large attendance and the splendid arrangements for the event.

The lecture took place at 8 o'clock and the meeting was opened by President William J. Chase, Jr., who in a brief address reviewed the work done by the members of the executive committee since the last general meeting. He also said a few words of praise for the chairman, Mr. Joseph M. Chase, Jr., who devoted much of his time for the advancement of this already strong organization.

He then called on the treasurer, Joseph P. McManus, and the secretary, E. J. Larchelle, who gave a report of

**Coughs and Consumption**  
Coughs and colds, when neglected, always lead to serious trouble of the lungs. The worst thing to do when you have a cold that troubles you is to get a bottle of Dr. J. C. Newman's New Discovery. You will get relief from the first dose, and finally the cough will disappear. O. H. Brown, of Lowell, Mass., writes: "My wife was down in bed with an obstinate cough, and I honestly believe that it was not for Dr. J. C. Newman's New Discovery that she would not be living today." Known for forty-three years as the best remedy for coughs and colds. Price 10c and 25c. Recommended by A. W. Dows & Co.

the doings of the alumni and its finances. Lawyer Henry V. Charbonneau was next introduced, and he gave a very interesting talk on the "Constitution of the United States." His address was quite instructive, dealing as it did with certain phases of the constitution not generally understood.

In order to effectively carry out the different powers delegated to the federal government the constitution has provided three departments, the executive, the legislative and the judicial departments. These are sometimes called a system of "checks and balances." The legislative department passes the laws, the executive enforces them, and the judicial interprets them. The speaker explained other important features of the constitution and

Some chronic sufferers from rheumatism are human barometers. They can recognize by the growing pains in their tender joints and muscles the slightest increase of moisture in the air, even a change in the direction of the wind.

Such a condition of supersensitiveness always attended with thin blood. The watery, poison-laden fluid that fills the arteries must be built up and purified before there can be any progress toward permanent recovery. The problem of medicine is not to cure a single attack of rheumatism but to eradicate it from the system and strengthen the body to resist another attack. This can be done by building up the blood.

Mr. Israel Dearborn, of Corinna, Maine, says: "I had always had more or less rheumatism in my back and in my legs from the knees down, but it was not until a few years ago that I began to suffer severely from the disease. Then I had such a severe attack that I was confined to the house for two weeks and was unable to use my legs. I also had pains in my arms. The pains became so intense that I could hardly move and I had to lie down most of the time. I then tried for six months when some one recommended Dr. Williams' Pink Pills to me. They quickly relieved me and drove the disease entirely out of my system."

Dr. Williams' Pink Pills are an excellent tonic for the blood and are absolutely safe. Our booklet, "Building Up the Blood," is free on request and should be read by every rheumatic sufferer.

## AMUSEMENT NOTES

**Lowell Opera House**  
Tonight the Lowell Opera House will offer to the city a most interesting production of the reigning opera success, "The Country Boy."

"The Country Boy" is in four acts, containing much of the best comedy, clear and transcendent as crystal, dramatic situations of a tense, soul stirring nature, all tending to interpret life as it is possible in historic representation.

The play is a comedy by Edgar Sullivan. One who surpasses any he has written. It deals with the life of a chorus girl, domiciled in the same boarding house as herself. Troubles come upon him; the chorus girl spins him when he thinks he most needs her. He has lost his position in the office, his childhood sweetheart and her father, who have called at the boarding house, both call off the engagement. He is about ready to leave for home, but all by the gas route, when at the most critical moment of his life, the broken down newspaperman enters the room and instructs him to stay by a secret heart. Between the newspaperman and Joe Weinstein, a man in the rough, the situation is finally cleared whereby the chorus girl, formerly his enemy, finally returns to his home town and starts a newspaper there, an ambition long dreamed of by him.

In construction, Mr. Sullivan has written a master comedy. The lines and situations are true to life. The settings of the play are of everyday occurrences, one scene in particular appealing to players. The second act, wherein is shown the dining room of a theatrical boarding house. The most laughable and provokingly funny situations are here set forth.

**"THE ROSE MAID"**  
An unusual musical event will be the performance of the Opera House tomorrow afternoon and evening, when local theatregoers will have their first opportunity to enjoy the captivating music of Norma and Lucia's first operatic success, "The Rose Maid." This delightful opera enjoyed an all summer's run at the Globe Theatre in New York city, where its "catchy" numbers took the town by storm.

"The Rose Maid" opens with a gay dance, switches to a series of humorous vocal melodies, and concludes with the laughable comedy scenes, there are introduced waltzes, two-steps and gallops until the orchestra is a howl of laughter. The attractive numbers in his favorite, "The Rose Maid" is said to have sold nearly a million copies throughout the United States and Canada during the first few months of the opera's sensational run at the Globe Theatre, New York.

**B. F. Keith's Theatre**  
Al. Fields and Jack Lewis, two of the greatest comedians on the continent, will begin a week's engagement at the B. F. Keith Theatre, next Monday, presenting their screaming comedy, "The Kidnapper." Al. Fields is a prime comedian in every sense of the word, and Lewis is recognized as a comic in vaudeville circles. The act is the work of the two men and their creative and comic creators. The Seven Frolicsome Lads and Lasses will give a juvenile musical comedy called "Fun With the Hiss-niggers." It is a great comic act, the way through, bright with wit, danger, light and laughter. Bob Day and the two Chevalier sisters will present "The Vaudeville Idea." A Musical Comedy. In this the comedians and the two sisters, with the aid of numerous stunning costumes, will give some hints from the latest of the musical comedies. The Kidnapper will give with this Adams featured will cause plenty of merriment. Adams is one of the greatest dancers in vaudeville. The First Nighters have a variety which holds startling features and which will also amuse. Cameron & Kennedy, singers and dancers, and Francis Wood, a top officer, will add strength to an unusually fetching

Here is Lowell testimony:  
Mrs. William A. Buckley, 9 Chestnut St., Lowell, Mass., says: "Not once in over ten years have I ever refused to give Doan's Kidney Pills my endorsement. Today I gladly confirm all I have ever said about them. I suffered from disordered kidneys for many years and my back ached almost constantly. It was hard for me to stoop and my housework was done only through great effort. As soon as I began taking Doan's Kidney Pills, my back and kidneys were strengthened and I felt better in every way. Since then I have never been without a supply of Doan's Kidney Pills in the house."

array of acts. The Kenetophone substituted for the week are "The Indian Girl's Revenge" and "The Five Jolly Bachelors." Good seats for all performances may be obtained in advance. Telephone number of the box office is 25.

**Merrimack Square Theatre**  
The last week of vaudeville, and the last week of that ever popular company of entertainers will come at the same time next week at the Merrimack Square Theatre. The Players will be seen in a new line of a scenic offering called "By the Banks of Loch Lomond" and will also mark the return of Winifred Uhlman and Franklin Wood. As a special attraction the most successful songs which were introduced in their last Scotch week will be retained, while there will be many new and altogether meritorious acts introduced.

Grace Young & Co. are to be seen in the last of their sketches called "Man's Honor." This is the sketch which gives the most opportunity for the display of her versatile ability and also holds other good roles which will be capably handled by the other members of the company. Jack Farrell, the fashion plate monologist, will be heard in a new budget of songs and stories, while Finley & Burke, travesties, will make you laugh with their most funny witticisms. George Davis will be heard in some new illustrated songs.

For Monday, Tuesday and Wednesday only, Detective William J. Burns, a world famous police official, will be seen in the photo-play, "The Land Swindlers." This is the first time Mr. Burns has ever been seen in work of this kind, and the film aside from this is said to hold a story of thrilling interest and adventure. There will also be three other films of exceptional merit.

The usual Sunday concert program

will be continued tomorrow. Special spring and summer show season of stock to be inaugurated Monday afternoon, April 22. "Sladanie X" will be the opening bill.

**The Playhouse**  
If you are not listed among those who have seen this week's production by the Drama Players at the Playhouse don't fail to avail yourself of the remaining opportunities of seeing one of the strongest and best dramas of the season. "The Inferno" tells a wonderfully interesting story. In a wonderfully interesting way that cannot help but please and entertain. See it as presented by the Drama Players and under the guidance of Kendall Weston. Two performances today and tomorrow and night tomorrow. Next week the attraction will be the play "The Witching Hour."

**The Casino**  
Lowell people will round out their holiday by a visit to the Casino, where musical music, a spacious surface and a snappy floor contribute to ideal dancing conditions. Concerts are free after-noon and evening, and the Casino management invites all lovers of music to enjoy this feature. The first dance is always free.

Good time with the Y. M. C. E. Fri.

## For General House Cleaning

WHEN you start house cleaning, put a dash of Carbonol into the pail of water; immediately the whole pail will be turned milky white; then proceed in the usual way.

When you scrub the floors the Carbonol will dissolve grease and remove stains; even germs of decay in the wood will be killed and the life of the wood prolonged.

If the rugs and hangings and upholstery reding, sponge them lightly with a Carbonol solution, and the grease of the wool (which sticks to such articles) will be dissolved.

A Carbonol solution will take stains out of carpets and fabrics.

In fact, grease everywhere is the bane of housecleaning. Water will not dissolve grease, and that is why when Carbonol is added things clean up so much more easily.

Do not neglect the cellar. If it is dark and musty use plenty of Carbonol and the musty smell will disappear.

Carbonol will remove verdigris from marble; rust from iron, cleanliness from windows.

A sample bottle and booklet will be sent free on request.

## BIG DROP IN FLOUR

Elevator Fell in Jackson Street Storehouse

A large elevator containing flour in cloth bags fell from the fourth floor to the basement of the Ray State Storage and Warehouse company building on Jackson street yesterday morning about 10.30 o'clock, and although the damage is claimed to be small it is said that several tons of flour were spread over the floor.

The elevator's capacity is five tons, and although it is said that it was not full at the time of the accident a coil slipped and the strain being too much for the coils, the elevator dropped to the well, spilling the flour and shaking the big building. Two men who were around the elevator at the time narrowly escaped serious injury and by quick work were unhurt.

## WHIST AND DANCE

Under Auspices of St. Margaret's Parish Hall at Highland Club Hall Last Evening

The members of St. Margaret's parish held a very enjoyable whist party and dance last night in the hall of the Highland club which was crowded.

Mr. James Morrison, who was in general charge worked hard for the success of the party and his efforts were rewarded. William Riley was floor director and his assistant was Arthur Mason. The committee comprised Frank Campbell, George P. Green, John Condon, Henry Driscoll and John Barrett. Another committee of the ladies was as follows:

Mrs. Dennis Cooney, Mrs. Jas. Donovan, Mrs. James Morrison, Misses Ella Green, Esther Downing, Margaret E. Bagnshaw, Mabel Haggerty, Julia Driscoll, Marion Dillon, Esther Cooney, Anna Whelton, Mary O'Rourke.

The precedent established by St. Margaret's parish in giving entertainments of this kind was well lived up to last evening and if anything, the standard went up another notch.

The prize winners in the whist contest were as follows:

First gentleman's prize Mr. Mullin, David H. Sullivan was awarded second and Arthur Webb, third. Miss Margaret Bagnshaw won the first prize for ladies and second and third prizes were won by Mrs. John Farnham and Miss Gertrude Allen respectively.

MAN HURT IN COLLISION SELF-INFLICTED WOUND

**Thomas Griffin Was Seriously Injured**  
**Wayman Dies of His Injuries**  
Mr. Thomas Griffin of Harvard road, Ayer, had a narrow escape from instant death last Wednesday morning. While delivering milk to his customers in Ayer his wagon was struck by an electric car and turned over, leaving him beneath the wagon and its contents. When Mr. Griffin was taken out of the wreck he was unconscious and was removed to the Globe house, near where the accident occurred, and a physician summoned, who did all possible to revive the unfortunate man. After an examination as could be made, it was found that he had three ribs broken, a severe scalp wound and a bad contusion of the jaw and right side of the face. The physician did not think there were any further internal injuries beyond the fractures of the ribs. Mr. Griffin is well known in Lowell.

HAVE SILK DYED ABROAD SEARCH FOR STUDENT

**Paterson Mill Owners Miss Glasscock Missing Export Material Since Saturday**

PATERSON, N. J., April 15.—Owners of silk mills here whose employees are on strike are sending their silk abroad to be dyed and will have it shipped back to be woven. It was reported here today. Some \$4,000 pounds are already on the ocean. It is said to be distributed for dyeing in England, France, Germany and Switzerland. Efforts of the aidemantic committee of five to bring the strike to an end have been abandoned because of the unyielding attitude of the strikers. The leaders of the strike on their part are planning to send children of the strikers to New York and other cities to be cared for while their parents continue the fight. William D. Haywood, the industrial William D. Haywood, said today that he had already obtained promises from 100 families in New York to care for the children of the strikers. The two men injured in last night's rioting were still alive this morning but Austin Veracini who was shot near the lungs was not expected to survive the day.

Smelting also made a decline, receding to the first few transactions. The new St. Paul 4 1/2's again sold at a fraction under the sub- scription price of 95 1/2. The first few narrow fluctuations were the rule in the representative issues with the main drift downwards. Opportunity support kept the movement from becom- ing significant but steadiness at some points was offset by depression else- where. Southern Pacific fell nearly a point and the Hill stocks were also heavy. Speculation was dominated by the familiar influences which have been operative recently and in the absence of new factors the market was narrow and dull. Operations failed to produce essential changes except in a few iso- lated instances, in which it was evi- dent that professional short selling had been carried to far. Small holdings came on the market and stocks in which there were any transactions sought a lower level, apart from a few specialties which were sustained by individual consid- erations. Reading, Northern Pacific, Chesapeake & Ohio, Southern Pacific and Baltimore & Ohio, among others, ruled a point under yesterday's clos- ing. Bear sentiment increased as the market went lower but there was lit- tle evidence of spirited selling, traders being mindful of recent squeezes. With the bulk of the list being quoted on an average of one per cent. under yester- day's closing, attention was directed to some of the large decreases in railroad earnings, those of Chesapeake & Ohio for the second week in April standing out as the most significant. The market closed heavy. Desultory selling overturned the effect of cover- ing in the weak features and the mar- ket hugged the low levels closely.		Pittsburg	107 1/2	107 1/2	107 1/2

## DANCING PARTY BY CHAUFFEURS

Lincoln Hall the Scene of

Happy Gathering

Last Night

This morning a great many tired people made expression of their appreciation of the very enjoyable evening furnished by the American Federation of Chauffeurs at the fourth annual concert and ball of the latter, which took place in Lincoln hall last evening. The event was an artistic as well as a financial success.

The hall was attractively decorated and the stage was a bower of beauty. A painting depicting two motorists driving their cars was arranged at the rear of the stage and this was set off to the best advantage by a novel lighting effect.

The music was furnished by Kittredge's orchestra, and the evening was opened with a concert. Among the numbers were songs by Edward Conley, Miss Agnes Davine and James P. Shugrus, the accompanists being Miss Elizabeth Donahue and Miss Anna Murphy. After this feature the general dancing was begun and the dance order contained the announcements of 29 numbers. The committees in charge of the affair were the following:

General manager, Charles A. Cote; assistant manager, John F. Brodley; floor marshal, John J. Hurley; chief aid, Thomas F. Bagley; assistant floor marshal, Edwin Knight; aids, James Breaker, Robert Hall, William T. Hart, Marvin Gragan, John E. Gill, Fred Gokey, Romeo Perreault, Alfred Burke, Fred Colter, Alex. Beaudet, Frank Pettit, Henry Demers, John J. Curran, Fred Anderson, Claude Rutter, William M. Livingston, George W. Chaloux.

JOHN J. HURLEY,  
Floor Marshal.

James Broadbent, Swan Swanson, Arthur Bourke, Wilfrid Achin, George McCann, James Montgomery, Robert W. Carr, Carl Noyes, Frank O'Brien, C. E. Quebec, Chester Zimmer, G. Herick, Charles H. Guthrie, Frank Carlson, William Regan, Joseph M. Halloran, William Luther and Leo Kenney.

Reception committee: Daniel O'Dea, chairman; Walter Bennett, John Rutledge, P. W. Leupold, P. H. Young, J. J. Lennon, William Kelly, John J. Whit-

## Parents, Read this Letter!

I have a letter from a prominent Maine clergyman in regard to a sickness of one of his children from which I quote as follows: "Our two-year-old baby was very sick at two different times and we came near losing her. We had the best doctors, but they did not know what the trouble was. In the first sickness she had high fever for several days, and the doctor said it acted like scarlet fever, but as there were no other cases he did not think it could be. Afterwards she broke out in a rash all over her body. The last sickness was similar and the doctor was puzzled. She was very nervous and we feared we would lose her. Your Dr. True's Elixir was recommended, and after two days' use the passed several worms from two to three inches in length, and is now well and strong and sleeps at night without fretting, tossing and starting in a fright as she did formerly."

I will be glad to furnish this clergyman's name and address to anyone who cares to write to me.

N.B.—True's Elixir is the best known remedy for all stomach and bowel troubles. Purely vegetable, pleasant to take and entirely harmless. Expels stomach worms and pin worms. All dealers, 35c; 50c; \$1.00. Yours for better health,

Dr. True

The officers of the Lowell Federation are as follows: President, Charles A. Cote; first vice president, J. Brodley; second vice president, J. Broadbent; recording secretary, M. Leary; financial secretary, F. Louporet; treasurer, Robert Hall; trustees, D. O'Dea, C. Noyes, W. Bennett.

## ACCIDENT PROVED FATAL

B. C. Morrison Passed Away at His Home Yesterday—Was Injured in Runaway

Benjamin C. Morrison, the Pawtucketville provision dealer, who was severely injured in a runaway accident in Pawtucketville Tuesday, died of his injuries yesterday, at his home in Mammoth road.

Mr. Morrison was born at Roseawen, N. H., Jan. 2, 1842. He enlisted in 1861 at Concord, N. H., in the first company of Herdard's Sharpshooters. In the second year of the war, was transferred to the quartermaster's department, remaining till close of war and then had charge of fitting up the national cemetery at Knoxville, Tenn. He has been a resident of Lowell for over forty years, first in business with his brother as J. M. Wilson & Co., and later conducting a provision store at Pawtucket square. He leaves a widow, Emily Coburn Morrison; one son, Willard C., and one daughter, Lillian E. Morrison; four brothers, Charles E. Morrison of Laconia, N. H., Samuel W. Morrison of Penacook, N. H., Arthur H. Morrison of Dover, N. H., and Joseph M. Wilson of this city, also a sister, Mrs. Mary E. Ryan of this city.

## THE CHORAL SOCIETY

Its Presentation of "The Creation" at the Opera House, May 14, Will Be Notable Event

It was on Washington's birthday, Feb. 22, 1870, when the Lowell Choral society first gave "The Creation." Then it was given with a chorus of over 200 voices. The solo parts were taken by members of the society and the orchestra was a piano. That was 43 years ago. Now the time has changed. This year the society will present this marvelous work, which was written in 1798, and has survived its first performance by over 110 years, with a chorus of over 150 voices, three of the most eminent soloists obtainable, and the Boston Festival orchestra. It will be a finished production, from whatever point of view you stand, unless all signs fail. The chorus was never better, the soloists can't be excelled and the orchestra is the finest ever.

The oratorio will be given in the Opera House on Wednesday evening, May 14. The Opera House was engaged in response to the request of many friends of the society and, although a considerable extra expense is thus incurred, its officers have nevertheless decided to maintain the same scale of prices for seats that prevailed in Association hall. They realize that the work of the society is largely educational, and that the concert should be brought within the reach of as many as possible. Judging from the interest

that is already being taken in the approaching concert by people outside the society, it looks as though the capacity of the Opera House would be taxed to its utmost.

The society has been especially fortunate in its choice of soloists, as all three, who are very favorably known in this city, are surpassed by any singers in the country for this particular work. Mrs. Marie Sundellus, the soprano, will be heartily welcomed by all who have had the pleasure of hear-

"Young man, when you buy a buggy, be sure it's a Studebaker"

Sound advice from the man who has been driving one for twenty years.

When you buy a Studebaker buggy you are buying all the skill, experience and science in buggy building that half a century can produce. You are protecting yourself against the mistakes of younger builders.

You will always be proud of the Studebaker nameplate, for there isn't a buggy on the road that is its equal for style, luxury and good looks.

Flexible bent-reach gear, graceful lines, solid corner, plugless body, double-ironed shafts, are a few of the special Studebaker features.

The new close-fitting shifting rail is enough in itself to make you buy a Studebaker buggy.

The news of the settlement of the strike was received with the greatest of enthusiasm by the strikers, and they paraded along Washington street cheering. Chairman Samuel Zorn of the strikers' committee was carried triumphantly along on the shoulders of the marchers.

Grant Original Demands

The 19 manufacturers who signed the agreement are members of the Boston Cutlery Association, and the terms of the agreement are practically those asked for by the union originally. The words "union" and "unions" were not mentioned in the agreement, but according to members of the union, the terms of the agreement provide for union procedure.

The only firm that has declined to settle with the union, up to date, is the Macaulay Parker Company, officers of the union stated, and this firm will be asked to sign the settlement agreement signed yesterday by the union and the 19 manufacturers.

The settlement agreement was drafted after an all-night conference at the United States Hotel.

BURLINGTON GIRL

Arrested Here For the Police of Burlington—She Left Home Without Telling Her Parents

The lady whom the police of Burlington have been seeking for the past ten days was discovered yesterday by the local police. Mabel Foote, 16 years of age, is the young lady in question. She left her home in Burlington without giving notice to her parents and came to Lowell to visit relatives who are located here.

The local police were notified by the police of the Vermont city and Miss Foote was finally located late yesterday afternoon. Her parents have been notified and will arrive in this city some time today to take the girl home.

ing her on the several occasions when she has sung at Rogers Hall school; and the Swedish people of the city will be glad to renew an acquaintance formed several years ago, when she afforded rare pleasure with her singing at some of their gatherings. Besides possessing a voice of rare beauty, Mrs. Sundellus has a charming personality, which captivates her audience from the moment she appears upon the platform.

Paul Althouse, the tenor, will be remembered with enthusiasm by all who heard him at the first concert of the Choral society last season, and at the Canobie lake festival in September, where his singing of "The Messiah" was one of the most noteworthy performances ever heard in this vicinity.

But his greatest triumph was his recent debut with the Metropolitan Opera company in New York in the new Russian opera, "Boris Gudonoff." Musical critics with one voice acclaimed him the greatest acquisition in recent years to the ranks of the Metropolitan Opera company, and some have even said that he is likely to prove to be the tenor for whom America has been waiting many years. Lowell is indeed fortunate in being able to hear a tenor fresh from laurels such as these.

As for Frederic Martin, basso, of New York, an instant demand for his appearance in Lowell followed his singing of "The Messiah" at Canobie lake. No singer in the country surpasses him for the difficult bass roles in "The Messiah" and "The Creation." He received great praise for his singing of the latter work with the Handel and Haydn society of Boston recently.

GARMENT STRIKE OVER

Peace Agreement Signed

in Boston

BOSTON, April 15.—The strike of the 2500 workers on men's garments, which has been in progress for 11 weeks, was practically ended yesterday afternoon.

Nineteen of the 20 big firms which have been holding out signed an agreement with the union yesterday granting the strikers practically everything they asked for, and on Monday about 2400 of the strikers will return to work.

Strikers Parade

Plans for securing the return of the 200 strikers who went to New York were begun at once. It was stated, however, that probably not more than a couple of hundred will come back to Boston, for nearly all who left this city have secured positions in New York.

The news of the settlement of the strike was received with the greatest of enthusiasm by the strikers, and they paraded along Washington street cheering. Chairman Samuel Zorn of the strikers' committee was carried triumphantly along on the shoulders of the marchers.

Grant Original Demands

The 19 manufacturers who signed the agreement are members of the Boston Cutlery Association, and the terms of the agreement are practically those asked for by the union originally. The words "union" and "unions" were not mentioned in the agreement, but according to members of the union, the terms of the agreement provide for union procedure.

The only firm that has declined to settle with the union, up to date, is the Macaulay Parker Company, officers of the union stated, and this firm will be asked to sign the settlement agreement signed yesterday by the union and the 19 manufacturers.

The settlement agreement was drafted after an all-night conference at the United States Hotel.

AT BILLERICA

Patriots Day Will Be Quietly Observed in the Town—Baseball Games Will Be Played

A "Sunlight Party" will be held tomorrow afternoon in the town hall under the auspices of the B. P. C. There will be dancing from 2-5 p. m. and this being Patriots Day a good attendance is expected. An advertisement appears in another column.

The T. R. &amp; T. baseball team will play their first game of the season tomorrow morning when they meet the Buffaloes of Lawrence. The Tigers will appear in attractive new uniforms.

A meeting of the board of selectmen will be held in the town hall Monday night.

Andover and Manager Mullin is sure of two good contests.

North Billerica has been represented by a T. R. &amp; T. baseball team for several years past and it has always been one of the fastest semi-professional organizations in and around Lowell, and with the co-operation of the citizens of the town this year there is no doubt but what Manager Mullin will turn out a first class team this year.

The Tigers, an amateur baseball team composed of the younger players of the town will open a hard schedule at Faulkner park tomorrow morning when they meet the Buffaloes of Lawrence. The Tigers will appear in attractive new uniforms.

A meeting of the board of selectmen will be held in the town hall Monday night.

## Live Bits of Sport

The shifting of the Haverhill franchise to Fall River will mean more work for the schedule committee. The new schedule will have to be revised before the season opens on account of the different positions on the map of the two cities. The schedule committee will be called into consultation with Secretary Cooper within a few days at a Boston hotel and the work will be taken up for the new revision.

Lowell pre-season schedule has been completed by Manager Gray and Secretary Cull. Tomorrow Bridgeport and New London will play a doubleheader here, the morning game starting at 10:15 and the afternoon exhibition, starting on at 3:15. St. Andrew's college team will play here on Monday. Lowell will journey to Dover on Saturday and play the strong champions of that town. Tuesday is Fast Day in New Hampshire and the usual holiday crowd is expected to attend the game. The local textile school team will meet the professionals on the 25th, and Dover will perform at Spaulding park on the following afternoon. The last exhibition game will be played on April 25th with the Winter League of Boston as opponents.

In keeping with the other innovations at Spaulding park, there will also be a new score card with a unique baseball design engraved upon the cover. The new score card is a creation of Secretary John Cull's fertile brain and is a vast improvement over the previous cards sold at the park.

Secretary Cooper has announced the four regular umpires who will be used in the New England League circuit this season. White, Rutherford, Hamann and O'Brien are the quartet chosen to do the bulk of decision making. Barry and Stafford, whom most of the fans expected to see made regulars, have not signed up as yet. There will be several appointments made for substitutes who will fill in whenever they are needed.

The seats which will be used in tomorrow's games are only temporary fixtures, the permanent seats not having yet arrived. The makeshift serves as a rather poor comparison to the rest of the structure when the fans realize that the permanent seats will

provide the most comfortable vantage point from which to watch an exhibition of the great national game that the season's contests will bring. The seats are sure to be changed to expressions of anticipation. The chairs will be here, however, in time for the league opening on the 30th.

The Standard Bottling company has been awarded the refreshment privilege for Spaulding park for the season of 1913.

Catcher Devine looks like the real article, although his size is against him. He is a native of Lowell and his name seems to be O. K. Whether or not he can size up his batters is a question the only time can answer. If Devine is blessed with this faculty he will, in all probability, become a fixture in the Lowell lineup.

Joe Dean of South Boston went up the pugilistic ladder by leaps and bounds last night when he gave Young McLaughlin of Manchester the most crushing defeat he has ever received. Dean could not put the N. H. fighter away, however, although he knocked him down six times. McDonough stood off Jack Britton only a few weeks ago. The fight last night occurred in Lawrence.

Miller landed on one of Mayhew's pet points and straightened it out for a circuit of the bases in the game yesterday when the regulars and the Vampanians. The ball rolled to the outfield fence and the regulars took the lead. We fondly hope that Miller will show the same ability after the real work of the season has begun.

Starr and Dee are players of the same type. Both are small in stature although Dee is of much stockier proportions. Starr is a right-handed pitcher and Dee is a left-handed pitcher. Starr is a larger man with a rangy style that covers a lot of territory. At this stage of the game Starr is the favorite. His quick snappy style is in marked contrast to the more leisurely movements of the larger men. It will be a great battle between this player and Holt for the regular third baseman's berth.

This stunt filled the bases and O'Brien panned the next man. O'Brien with the winning run. It was a poor showing for a prospective league leader to make. Murphy and Thomas carried off the batting honors with three hits each to their credit. Boston played an errorless holding game. The score by innings:

Philadelphia.....0 1 0 0 0 0 1—1  
Boston.....0 0 0 0 0 0 0—0

Two base hits, Murphy, Barry, Thomas. Left on bases, Boston 5, Philadelphia 2. First base on errors, Boston 2. Sacrifice hit, Lewis. Sacrifice Bases, Barry, Lapp, Stolen bases, Gardner, Barry, Hooper 2. E. Collins. Double plays, Yorkes and Janvry, Thomas and E. Collins. Struck out, by pitcher, Bush 6, by Collins 2, by O'Brien 3. Base on balls, by Bender 2, by Bush 4, by Collins 4, by O'Brien. Hit by pitcher, by Bender, R. Collins. With pitch, Bush, 11 hits, off Collins 9 in 7 innings (none out in third), off Bush 2 in 7 innings. Time, 2h. 30m. Umpire, Connelly and McGraw.

**Punchard School Wins**  
The Punchard school of Andover won from the Howe school of Billerica in a first game yesterday afternoon at the latter's grounds. The game was very even contested throughout with the result in doubt until the last out, when had been made in the ninth inning. Captain Lyons and Williams of the Howe school and Collins of the Punchard provided the features of the game.

**Mass. Bowlers Want Game**  
The bowling team of the Massachusetts mills would like to arrange a game with any of the local mill teams although the team from the Tremont and Suffolk would be preferred. Both of these teams contend that they are the champions of the city among the mill rollers and a game between them would settle a long standing argument. Sam Campbell is in charge of the Massachusetts team and may be reached through the sporting department of this paper.

## BRAVES LOST TO GIANTS

### Champions Forced to Play Extra Inning

The Giants came back strong yesterday and succeeded in getting revenge upon the Braves for their defeat by the Boston team in the league opener, although it took them ten hard innings to turn the trick. Mathewson pitched were the two pitchers picked to twirl for their respective clubs. Although James went in for Boston and finished the game. Doyle hit for the circuit in the eighth. The Giants' second baseman got four hits for a total of eight. Both teams fielded loosely. The score by innings:

Giants.....0 0 1 0 0 0 1 0—1  
Braves.....0 0 0 0 0 0 0 0—0

Home run, Doyle. Two base hits, Doyle, Seymour. Sacrifice hits, Burns, Herzog, Jackson. Stolen base, Myers. First base on balls, off Perkins 4; off James 1, off Mathewson 2. Struck out, by Mathewson 4, by Perkins 5. Double plays, Herzog, Doyle and Merkle. Umpires, Rigler and Byron. Time, 2h. 2m.

## BOXERS IN GOOD SHAPE

### Are Well Trained for Tonight's Bout

Four bouts are on tap for the members of the Lowell A. C. at their weekly meeting in Mathew hall this evening and indications point to a large attendance. Jimmy Moriarty of Lowell, who will meet Joe Clark in the main bout is confident of victory and says that he is in excellent shape for a strenuous struggle. He is anxious to wipe out the defeat which Clark is credited with against him and promises to get right to it at the start. He has put in a lot of work and is ready and able to jump in at the sound of the gong.

Clark is by no means a slouch for any middleweight to oppose and in some circles he is looked upon as the best fighter of his pounds in New England. The bout is expected to be a good as the original meeting and in the opinion of a great many who follow the sport closely will prove just as interesting if not more so than the meeting between Moriarty and Fleming. A true line on the ability of Moriarty will be manifested in his meeting with Clark. The preliminaries remain intact in the semi-final match Johnny Cooper of Boston will meet Larry Buras and some stirring boxing will be on tap when this pair of brawling glove wielders start hostilities. Young Haghey and Young Duffey will furnish one of the preliminaries and Gardner Brook will perform in the other.

**Benefit For Sufferers**  
Three 19 round bouts will compose the program for the good hearted members of the Lowell A. C. tomorrow night. The Mathew Temperance Institute has voted to give its hall free. Young Stone vs. Johnny Boyle, Gus Loner vs. Young Morgan and Kid Thompson vs. Oscar Lloyd will be the contests.

## FINGER PRINTS VALUABLE

### Woman Implicated in the Murder of Tailor

CHICAGO, April 18.—Finger prints of the murderer of George Dietz, woman's tailor, who was beaten to death in his home Monday, are expected to throw a web around the guilty that cannot be broken.

Several of the marks are the bloody fingerprints on the handle of the mason's hammer that shattered the skull of Dietz. On the stenographer left by the assassin more finger marks were discovered. On the bed, too, the hands of the murderer left a sinister trail. "You could not ask for a better set of finger prints," said the police officer. "Under the microscope they are 'clean as a whistle.'"

"Line for line, so far, these prints have corresponded with one of the suspect's prints. There is only one point of confusion. In one place we found a finger print that doesn't match the others. It may be that a second person was in the room."

## To Absorb Freckles and Other Blemishes

Every spring I receive many letters from girls seeking some reliable recipe for removing freckles. Last year I advised many to try mercuric wax. Such favorable results were reported that this season I have recommended nothing else for the purpose. The wax seems to possess unusual properties. It is easily absorbed and leaves no greasy film. It is a perfect skin softener, becoming as soft as a rose petal, and as delicate as lint.

Get an ounce of mercuric wax at any drug store, spread a thin layer of it over the entire face every night for a week, washing this off in the morning. For rough, red skin, follow with blackheads, pimples, and all cutaneous blemishes, this treatment is superior. The wax has never come under my observation.

Springtime also brings wrinkles to many sensitive skins that are much subject to winds and changing temperatures. Pour a small quantity of hazel into a basin, then an ounce of powdered saffron, which quickly dissolves. Bath the face with this; the effect on a wrinkled skin is remarkable.—Marie Demarest in Ladies' Favorite Magazine.

## END LIVER TROUBLE WITHOUT CALOMEL

### Untrustworthy Drug, Thought to Loosen the Teeth, Now Made Absolutely Unnecessary

Dr. Edwards' Olive Tablets—the substitute for calomel—are the mildest but surest laxative known, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. Dr. Edwards has been calomel's uncompromising foe. His efforts to banish it brought forth these little olive-oil-colored tablets, a rare combination of vegetable compounds mixed with olive oil. These pleasant, harmless little tablets do all the good that calomel does but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold right away and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel at all, but to let Olive Tablets take their place.

Most headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Olive Tablets when you feel "lousy" and "heavy." Note how they "clear" the sluggish brain and how they "perk up" the spirits.

At 10c and 25c a box. "Every little Olive Tablet has a movement all its own."

## I.W.W. FOOD STRIKE FAILS

### Sixty Prisoners Decide to Eat Prison Fare

DENVER, Col., April 18.—Sixty Industrial Workers of the World who began a "hunger strike" in the city jail here gave up yesterday and decided jail fare was better than starvation.

The 60 "militants" refused to eat breakfast. When a trusty was sent to their cells with a supply of bread and water, the menu furnished by the city to the hundred or more uninvited guests from the Pacific coast, the militants steadfastly refused to touch the fare.

"They announced that they would refuse food until the city furnished a better variety or until they became so weak that they would have to be removed to a hospital."

Talk of a compromise between the city and the industrial workers was yesterday. It was said that the Denver branch of the organization would agree to observe the rules regarding street speaking laid down by the fire and police board, and that the visitors would then be released on the promise that they would leave the city at once.

The hunger strike came to an end at noon. There was a necessity to resort to forcible feeding; the strikers were ready to eat luncheon ravenously and ask for more.

## TWO OFFENDERS IN COURT

### Non-Support Case Aired—One Drunk

A new record for the year was set up in police court this morning when the clerk produced but two complaints for Associate Judge Pickman to settle. The cases of the state inspectors that were expected to be heard at this morning's session were not forthcoming.

John H. Hazzard was in the docket charged with non-support of his wife. His wife testified that the defendant absolutely refused to give her money to provide for even the simple necessities of life and spent what little currency he earned in hard drinking. The court called the defendant out of the dock and asked him if this was the true state of affairs between himself and his wife. Hazzard admitted that he had done the square thing, his wife had faithfully promised, if given a chance this time, to go to work and keep religiously away from his life partner, sending her money through the medium of the probation officer. The court gave him a suspended sentence of three months in jail.

Joseph Wright was the other offender and he was charged with being drunk. As this was his second appearance within the year he was asked to deposit the sum of \$6 with the clerk before leaving the court room.

## NO FORMAL OBSERVANCE

### Of Patriots Day in This City—Baseball Games

Tomorrow, Patriots day, being a legal holiday, will be generally observed as such throughout the city, and all of the principal clothing and dry goods stores will be closed all day, several of them keeping open for a time this evening for the accommodation of customers. The markets and general provision stores, etc., will keep open for a part of the day and some of them all day. The mills will be closed.

A program of the events of the day is printed elsewhere. Most of the local social organizations will provide open house and entertainment, and the members will gather for a general social time at the theaters and the usual performances, all of which are exceptionally good this week.

At the Lowell Athletic club a treat is in store for the fans of the roped arena, for three round bouts have been arranged. The proceeds of this will go to aid the flood sufferers of Ohio and this event will doubtless be attended by a large number of the members of the club.

Baseball will be another big feature, and there will be two exhibition games at Spaulding park, where the local fans will have an opportunity of seeing Manager Gray's boys in action. At North Billerica in the morning and at the Bunting the new grounds will be opened with a cricket game.

The Vesper club and Bunting club are providing special entertainment and open house for their members through the entire day. At the Vesper club the golf season will be opened, and at the Bunting the new grounds will be opened with a cricket game.
